#### PROPOSAL:

In an ongoing effort to identify program alignments that strengthen credit and non-credit academic offerings at SSC, it is recommended that the following realignment of management leadership be considered in light of the pending retirement of the Dean of Extension Services assigned to the Oak Forest Center. The objectives of the realignment plan are as follows:

- To realign the academic programs/disciplines in such a way as to increase efficiency and streamline operations; to that end, credit programs will be supervised by an academic dean who has credentials that mirror the credential expectations of teaching professionals as recommended by HLC and non-credit programs will be supervised by a director level position,
- To create a more transparent and fluid pathway for SSC to emerge from a period of enrollment down trend and to become academically and financially stronger by having clearly delineated division of non-credit (corporate training, renewed focus on economic development, aggressive sales growth) and credit leadership oversight,
- 3. To continue to engage in cost savings measures that consider the ongoing financial health of the institution,
- 4. To create a leadership model that engages in succession planning as required by HLC.
