

PHARMACY TECHNICIAN PROGRAM

Pharmacy technicians work in a variety of health care settings such as hospitals, community pharmacies, long term care facilities, nuclear pharmacies, home health care agencies, clinic pharmacies, mail order pharmacies and drug wholesalers. The job prospects for pharmacy technicians are excellent.

The drug preparation duties, performed by the technician under the direct supervision of a registered pharmacist, may include interpreting prescription orders, maintaining patient records, packaging and labeling medications, maintaining drug supply, inventory, billing and crediting patients, handling automation, compounding medications, preparing sterile products, and performing computer entries.

Upon completion of the PHT Basic Certificate, students will be eligible to sit for their CPhT or ExCPT national certifications.

Certificates

- ✓ PHT.BASIC-Pharmacy Technician
- CPhT certification
- ExCPT certification
- Illinois Pharmacy Tech license

Enrolling Now!

The Workforce Equity Initiative (WEI) project is funded through ICCB to support qualified participants through the completion of short-term educational opportunities leading to employment.
