Requested Fee Increases for FALL 2024

New Inclusive Access Adoptions

The book fee proposed for these courses would provide digital delivery of required instructional materials for their course, on or before the first day of class. This is in place of the cost of a physical textbook. These classes already include web-based materials, this process would minimize the steps needed to access, while providing substantial savings to the student. The process will include an option for students to opt-out and acquire materials on their own, as well as acquire a paper copy of the textbook.

Current fees for the ADN program at South Suburban College cover the cost of the ATI assessments and resources for students that support the curriculum, and fees to take the NCLEX licensure exam for the students. The total for the 7 courses totals \$1950.00. Our current fees and proposed increase positions us as one of the lowest fee structures for nursing programs in the area. This proposal for change is due to the increase in the cost of fingerprinting, nursing pin, and registration for the NCLEX-RN fees.
